Theme Park Reservations

Before you visit a park, you must have valid admission and then make a park reservation via the Disney Park Pass system.

You'll see a calendar and can click on the respective purchase you've made – the options are for Theme Park Ticket only purchases, Select Resort Hotels (guests who have booked a stay at a resort hotel with or without a ticket), and Annual Pass holders. If the date you are looking for is green, you are good to go!

After You Make a Purchase

Given the limited availability of park reservations, it is recommended that you make your theme park reservations immediately after purchasing your admission.

If you already have valid park admission, make a park reservation now.

To enter a park, both a park reservation and valid ticket or pass for the same park on the same date is required. Upon reopening, certain parks, hotels, restaurants, attractions, services, experiences, amenities and other offerings will be modified or unavailable, will have limited capacity, and will be subject to limited availability or even closure, and that park admission and offerings are not guaranteed.

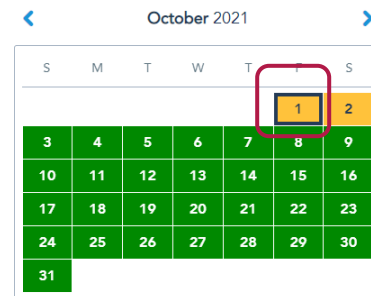

If the date is orange, click on it to see what parks are available or not. If your desired park is not available, you can select another park and continue to check to see if availability changes.

When You Arrive

During your scheduled arrival window, head to the park's Main Entrance and use your MagicBand or card that is linked to your account.

To enter one of the parks, each Guest is required to have a Disney Park Pass in addition to valid admission. A Disney Park Pass is non-transferable, has no cash value and is void if transferred or sold.

Guests must use the same admission ticket for all

You'll see details about your arrival and how to cancel your reservation if your plans change. Right now, you have to cancel and rebook as there isn't a modification feature.

From here, you can **Make Another Park Pass** by clicking that option at the bottom – or go to **View My Plans** if you're done.

Continue to book as many theme park reservations as days you have valid admission.

Separate theme park admission required. Guests must use the same admission ticket or pass for park entry that was used to make the Disney Park Pass. Park entry is subject to capacity closures and other restrictions. This Disney Park Pass does not hold monetary value and no refunds will be issued if it is not used. A Disney Park Pass does not guarantee park entry or access to any experience, attraction or dining location.

Children under 3 years of age do not need a Disney Park Pass or park admission—they may join you when you redeem your Disney Park Pass.
